Spa

We believe that the ultimate spa treatment harmonizes with nature, the seasons and with your body's needs in the present moment. At The Spa at The Inverness, we'll never ask you to self-prescribe from a list of unfamiliar treatments. Instead, we simply ask, "How do you want to feel after your spa treatment?" Then, our highly trained therapists work with you, one-on-one, to create a fully customized spa experience inspired by both the rhythms of your body and the world around you.

HOW TO SPA

Consider this your invitation to a relaxing spa experience where our professionally trained staff will guide and advise you on everything you need to know prior to your appointment. Additionally, here are a few tips we would kindly like to remind you of as you plan your journey to rejuvenation:

For all of our spa services, we do ask that all of our guests are 16 years old or older.

Gratuities may be left at the front desk, or with your therapist. Please keep in mind that we want all of our guests to enjoy their experience at The Spa and leaving a gratuity is at the guest's discretion.

All appointments must be cancelled with at least 24-hour notice. A cancellation fee will be assessed without appropriate cancellation notice.

EVERYTHING SPA MEMBERSHIP

The secret to a balanced life is actually very simple: Commit to more of the things you need. Commit to less of the things you don't. This is why we are pleased to invite you to become a member of our spa — and tip the scales back in the right direction.

Membership at The Spa at The Inverness is a commitment to caring for yourself more consistently, which inevitably results in a healthier, happier and more balanced life. Much like our service offerings, we don't believe in a one-size-fits-all membership, which is why we offer a selection of spa membership options. Experience a host of exclusive privileges, perks and savings that cater to your needs and lifestyle when you join any of our membership levels.

Please call or visit us online to learn more about becoming a member of The Spa and elevating your experience to heightened levels of tranquility that you never thought possible.
